

## India Union Budget 2022: Analysis of Tax, Customs and Regulatory amendments

Thursday | February 3, 2022

8.30 AM EST | 5.30 AM PST | 2.30 PM CET | 1.30 PM GMT | 7.00 PM IST | 9.30 PM SGT

Dear All,

The annual Union Budget is a significant event for businesses in India as it sets the tone for Government policies on taxation, trade & customs, sectoral resource allocation and regulatory proposals.

While the Government looks to revive the pandemic-battered economy, this year's budget is expected to provide a roadmap for the same.

ELP has been at the forefront of Tax, Trade and Regulatory laws in the country and will be hosting an exclusive invite-only webinar in which our partners would deliberate among others on the following points:

- Significant changes in taxation laws affecting corporates
- Changes in customs & trade policies
- Impact of various announcements on outbound & inbound investments
- Deliberating over announcements relating to specific issues such as Crypto Currency, IFSC etc.
- Key regulatory changes impacting doing business with India
- Q&A
